Dear Commissioners:

Vote no to unjustified charges in the APS rate case!

As a small business owner I do all I can to conserve energy and have my business operate as efficiently as possible. So it is upsetting to hear that the rate increase that APS is seeking does not adequately reward my energy efficiency efforts.

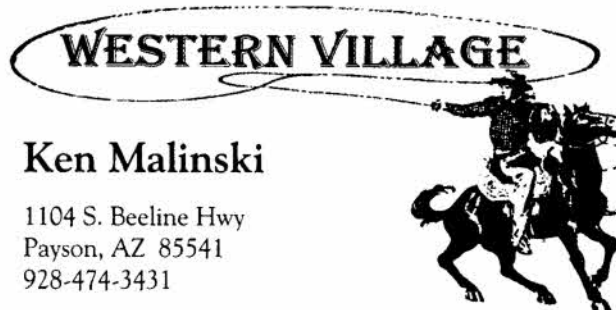

It is important to have a way for business owners such as myself to be able to have ways to reduce the cost that can be spent in more strategic ways in my business. It seems that it would be in the best interest for all involved to reduce consumption and have bills go down. If a business does not reduce consumption then your bill goes up.

I encourage you to vote in favor of efforts to reduce energy which benefits both ratepayers and APS. Please vote against unjustified increases.

Sincerely,

KENNETH W. MALINSKI
